

METAL HOOK SET MANUAL

Installation steps

Wooden / brick / concrete wall installation

Step 1

Mark the center of two smaller holes on the wall using the hook as a guide.

Step 2

Compare the regular dowel diameter to the drill set to pick one of the correct diameter, drill both holes and insert the regular dowels.

Step 3

Hold the hook on the wall and use the screws to attach it to the wall.

Gypsum wall installation

Step 1

Mark the center of two larger holes on the wall using the hook as a guide.

Step 2

Compare the screw dowel diameter to the drill set to pick one of the correct diameter, drill both holes and screw in the dowels.

Step 3

Hold the hook on the wall and use the screws to attach it to the wall.

Product Description

Small holes are best used for regular dowels used for concrete, brick and wooden walls.

Mounting plate

Large holes are best used for screw dowels used for gypsum walls and other softer materials.

Sturdy hooks of varied shapes for best hold of the load.

Anti-slip rubber to protect both the hook and the load.

Package contents

 Strap 2x

 Regular dowels for concrete/brick/wooden walls

 Screw dowels for gypsum / soft material walls

 Screws

Recommended loading capacity

Warning: The hook load capacity differs depending on the wall material, quality and attachment method. Attaching the wall hooks to walls made out of softer materials will result in a lower load capacity.

Attaching the wall hooks to older or damaged walls might also reduce the load capacity. Depending on case to case basis some alternative mounting methods as using chemical anchors could be used to increase the load capacity.

The following table can be used as estimate guidance using default mounting methods on walls in good condition.

Hook Model	Gypsum	Wood / Brick	Concrete
Small J	20 lbs / 9 kg	80 lbs / 36 kg	80 lbs / 36 kg
Large J	20 lbs / 9 kg	60 lbs / 27 kg	60 lbs / 27 kg
Small L	20 lbs / 9 kg	60 lbs / 27 kg	60 lbs / 27 kg
Medium L	15 lbs / 7 kg	20 lbs / 9 kg	30 lbs / 14 kg
Large L	10 lbs / 4.5 kg	30 lbs / 14 kg	30 lbs / 14 kg
